Finishing School in a Box

UdefineU's "Foundations of Grace and Elegance"
DVD/Video Series

Most women are not born with social skills, like perfect posture, poise, voice/speech, etiquette and style. In fact, people pay upwards of \$10,000 on image consultants or finishing schools to learn them. This program can help you start your new life on a positive note, as an improved woman. The series consists of posture/poise, voice/speech, etiquette, and fundamentals of style. Retail for \$99.00. Available at www.udefineu.com.
